Framework Agreement

Regarding participation in the pre-allocated crowd contribution in exchange of through Bitcoin Suisse AG (BTCAG)

Contributor/Client (first / last name or company name)

This agreement covers the participation in the pre-allocated crowd contribution, through Bitcoin Suisse AG (BTCAG).

From 08th of November, 12pm (UTC), the public gets an opportunity to participate in the pre-allocated crowd contribution, through BTCAG, where contributions are rewarded with the pre-allocated offering will end on the 24th of November at 12am (UTC), or once the pre-allocation has been filled.

Contributions in the pre-allocated offering through BTCAG are rewarded with a 20% token bonus, on top of the token price offered in the public crowd contribution period. In other words, a bonus of 0.20 tokens for every 1 will be applied.

The rate for the public crowd contribution is 5.25 where the rate for the pre-allocation is 6.3

The final USD/ETH rate, defining the cap of the pre-allocation will be locked once enough contributions have been received to fill the pre-allocation. If enough contributions have not been received by the end of the pre-allocation period, the USD/ETH rate will be locked on 24th of November 2017 at 12pm (UTC). The rate is locked from token USD/ETH market.

AG. Exact conditions regarding the crowd contribution may be subject to changes by the Client agrees to have read all relevant documentation, terms and conditions, and all other legal documents and information from the side of Fortification.

Participating through Bitcoin Suisse AG

Bitcoin Suisse AG acts as a disclosed agent of the user and makes therefore contributions to the Smart Contract System and/or in the name and on the account of the users. Please note that Bitcoin Suisse AG is thereby not in control of the Smart Contract System and/or

Of the total contribution cap, BTCAG has a pre-allocated share of equivalent 1'500'000 USD. Thus the first 1'500'000 USD (or equivalent in other accepted currencies) which BTCAG receives, are guaranteed an equivalent share in

Companies require different compliance procedures, and are encouraged on request.

3

The BTCAG Compliance department may ask additional questions. The Client grants BTCAG permission to use and store this, by BTCAG, collected information for regulatory and compliance purposes (e.g. for the investor base or financial record-keeping).

BTCAG reserves the right to unilaterally turn down any request for a business relationship, if BTCAG so wishes.

Locking the ETH rate for non-ETH contributions

If a deposit has been made from the contribution account and received by BTCAG, and the deposit is not already in the form of ETH, BTCAG will convert these funds, together with all funds received prior to the conversion, into ETH between 4 p.m. and 5 p.m. (CET), twice a day, beginning from 17th November 2017.

Contributions received after 5 p.m. (CET) will first be included in the conversion the following day.

Depending on the contribution currency, BTCAG will lock the conversion price to ETH based on the broken market, its conversion, trading costs, banking fees etc. as all included in the handling fee for participating through BTCAG.

Safekeeping/responsibility/refund of contributor funds

BTCAG is responsible for the safekeeping of all mentioned contribution funds, deposited to BTCAG by the contributor.

The contributor can ask for higher funds returned at any time, but in doing so, will carry the full responsibility costs associated with the refund (SWF 75 or 8.2%, whichever number is the greater).

Liability

BTCAG is responsible for the contributor's assets, while held in the care of BTCAG, as well as faithfully executing the orders of each contributor/holder.

BTCAG is responsible for the proper accounting of – and regulatory compliance/AML, in regard to better rules and regulations of all contributions and associated transactions.

BTCAG holds no other liability towards contributors than the above mentioned.

BTCAG is acting merely as a financial intermediary, between contributors and the project and its founders.

BTCAG does in no way hold any liability in regard to promises made by the project or those any variation in regard to the terms.

BTCAG asks all contributors to remember that crypto-assets are always high-risk investments, which are usually characterized by high probability of failure and equally high potential returns. We ask any contributor to do his own due diligence on the project's merits in question, as well as the regulations and possible hidden them.

Established cryptocurrencies themselves are already highly volatile and high-risk assets, ICO-offerings of crypto-tokens per se must always be classified as extremely high-risk assets!

This Agreement shall be governed, construed and interpreted pursuant to and in accordance with the laws of Switzerland. The Courts of the Canton of Zug shall have exclusive jurisdiction for all matters related to this Agreement.

7. Fill in contribution details.

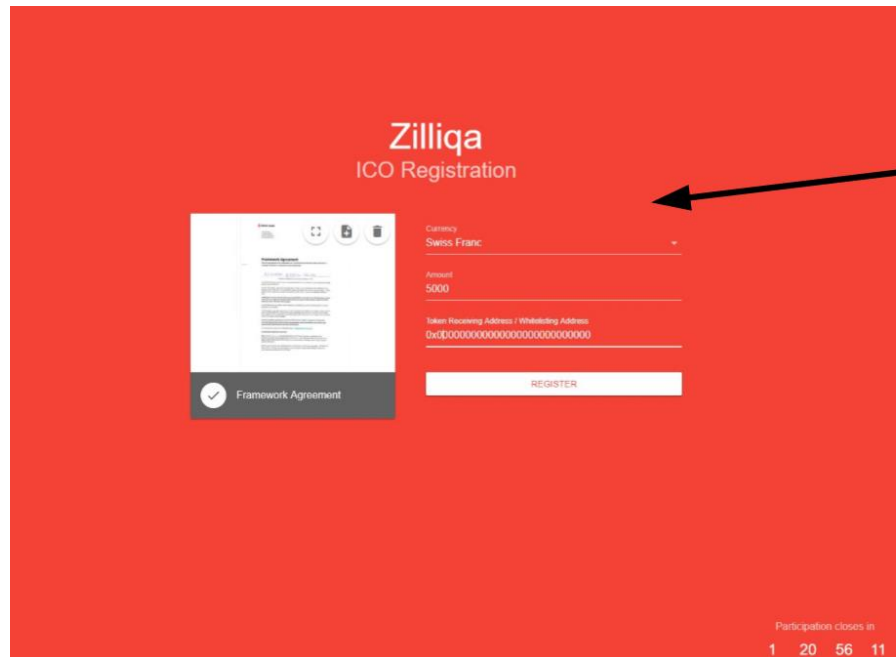

Currency: Choose **ETH**

Amount: Fill in either **2.02531646 ETH** or **5.06329114 ETH** (Please copy and paste all the decimal places)

Address: Fill in your ETH address

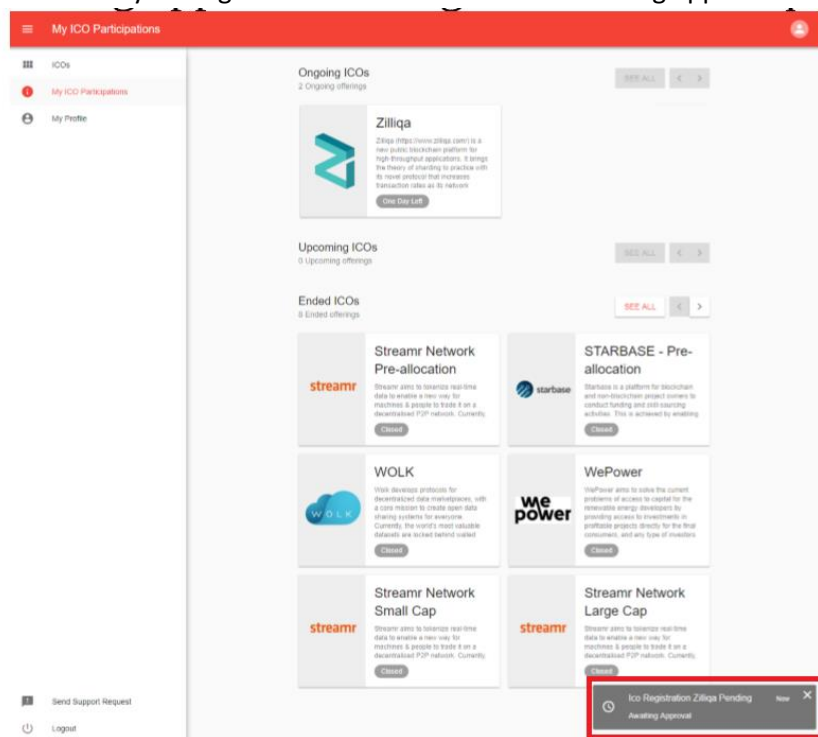

Example 1: If you wish to participate with 2 ETH, you will need to send the following amount:
 $2 \text{ ETH} / 0.9875 = 2.02531646 \text{ ETH}$.

Example 2: If you wish to participate with 5 ETH, you will need to send the following amount:
 $5 \text{ ETH} / 0.9875 = 5.06329114 \text{ ETH}$.

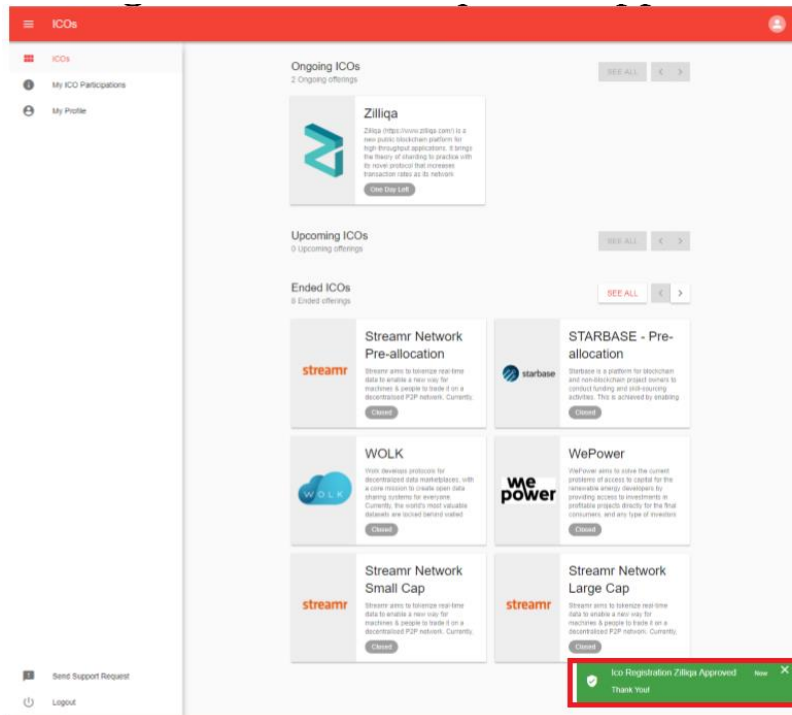

The image shows the Zilliqa ICO Registration form. The form is titled "Zilliqa ICO Registration" and is set against a red background. On the left, there is a preview of a document titled "Framework Agreement". To the right of the preview, there are input fields for "Currency" (set to "Swiss Franc"), "Amount" (set to "5000"), and "Token Receiving Address (Web3Address)" (set to "0x00000000000000000000000000000000"). Below these fields is a "REGISTER" button. At the bottom right, there is a countdown timer showing "1 20 56 11".
